Chapter 1 by Sam I am

2 angels wonder around an enchanted forest unseen by human eyes. They walk around with each other and take care of each other, curious about the human world. Until one day... They decide to leave the forest and go into the human world

They split ways and venture out. Since they are in human presence, they cannot use their angelic powers to fly back together. Both of them stay in the human world for a year, getting more and more corrupt. It is when they meet up again that they realize that their wings... Their wings are broken... but how?

Chapter 2 by Magdalene

Tears. It was what the angels saw every day. Happy tears, angry tears, sad tears, unknown tears. The tears had landed in their hearts, broken them apart. Problem was, their wings were their heart. Every time they broke a heart or their own heart, their wings tore. Every time they yelled and crashed, their wings cracked.

Now, tears. They wept in the forest, speaking of their adventures and wondering how they would get back home. Broken wings can't fly. And broken wings cannot be mended.

are corrupt. A little

"Well, hello there" one of the angels said surprised. The creature, looking thin as a doorknob squeaked "Help! My son is trapped by human!"

Chapter 4 by usmAN ANwar

The angels looked at each other in confusion. Since they don't have their angelic powers, they were wondering if they can resist that human. The creatures understood their looks and yelled again, "Can you free my son from the human? Please help me." The angel replied with tears in his eyes, "the grieves of the human world has wretched our souls and weakened us. Even if we try to help you, we are not match for the humans". The creature noticed the wings on the back and added, "I know someone who can mend these for you", pointing towards their wings. The angels looked at each other in amazement, "But how?" they yelled. The creature nodded his head, and said, "Help me and let me help you".

They were startled at that moment. That was their only way to go back to their world but their only hope was a desperate creature with no credibility at all.
